

SCIENCE & LEADERSHIP FESTIVAL 2018

January 4-6th

10am-8pm, Kabala Community Center

January 12th

4-8pm Freetown, Wellington Area

January 13th

10am - 8pm Freetown, Wellington Area

Experiment, observe, and explore the worlds of chemistry, physics, biology, ecology and more!

Participate in hands-on experiments using basic and advanced scientific tools. All ages and education levels are welcome.

Have an innovative idea or invention?

This is your opportunity to share your idea with your community. At the festival you will have the opportunity to present your idea and collaborate with others.
